### Jodi's Gym celebrates 35 years of business

MOUNT KISCO - Jodi's Gym is celebrating 35 years of business. With locations in Mount Kisco and New York City, Jodi's Gym offers a wide range of classes in gymnastics, fitness, music, ninja challenges and preschool enrichment to New York's children ages 9 months to 12 years old.

Jodi Rosenwasser Levine, founder and director of Jodi's Gym, has nearly 45 years of experience in gymnastics. The state-of-the-art facilities offer action-packed classes and birthday parties in a safe, age appropriate and kid-friendly environment where kids can swing from bars, balance on beams, tumble, climb and stretch to their hearts delight.

"It is my life's mission and passion to give children of all ages and abilities access to the benefits of gymnastics. I strongly believe that movement education and fitness, when introduced early in a fun and positive way, helps to instill healthy habits that last a lifetime," stated Levine. "We continually stay one step ahead of the trends by evolving our curriculum and innovating new programs regularly to keep things fresh and exciting at the gym. It's always amazing to have my former students now bringing in their own children to fall in love with the joy of gymnastics and movement," she concluded.

To celebrate this milestone, Jodi's Gym is offering 35 days of fun activities including kids contests and prizes, birthday celebration giveaways, special promos, in-house special events and celebrations.
